

E-Bike Ride

A beautiful ride taking place on lovely cypress lined backroads, ideal for cyclists looking for a laid back, casual ride in the Chianti Classico countryside

THE TOUR

Approximately 2 hour bike ride, 15 Km total distance covered, 75% unpaved, white roads, 290 Mt of altitude gain.

Great for families, weekend warriors, wine and history lovers - and people of all ages. This ride features state of the art Atala B Cross Performance E Bikes, powered by Bosch motors, making hill climbing a breeze! This is a breathtaking and enjoyable bike ride in the area of Chianti Classico on mostly unpaved gravel fire roads of Tuscany, referred to locally as "white roads" where very few cars pass. We will bike along part of the Eroica cycling route, a vintage bike ride which takes place every October. We will stop to admire the charming medieval village of Lucignano, then continue through Monti on the way back to Brolio. There are a few gradual climbs along the way – greatly rewarded with amazing panorama – some of the best in Chianti. The ride will culminate in a wine tasting of the best wines and vintages Barone Ricasoli has to offer in beautifully appointed tasting room, accompanied by your local expert guide.
